[e-mail addresses](#)

Every time I send out e-news I get some “bounced back” because the address is not recognised. Please add me to your list of people to inform when you change your e-mail arrangements. It is helpful if you give me the old address so that I can delete it although I am now automatically deleting every e-mail that comes back “not known”. I also get one or two returned “Mailbox Full” so you need to keep an eye on that too.

I had a recommendation from a reader for a company, which manages e-mail addresses, but I have mislaid it. Can anyone advise of a suitable company?

WIGAN 10 AGAIN! Can anyone stop the Wigan 10 juggernaut who have added the GB Cup (Natural History) to their bulging trophy* cabinet in a quite convincing fashion? With only the 10 highest scoring PDI counting for each club a lead of 7 points from second placed Cambridge is quite convincing, an average just shy of 14 per PDI.

However it is very nice to see some new names towards the top of the leader board. Even the 20th placed clubs averaged more than 12 points per image. A high standard of entry by the clubs and good marking by our three judges Paul Keene FRPS EFIAP MPAGB, Alan Milward FRPS MPAGB HonPAGB and Tony Wharton FRPS EFIAP.

I am grateful to them for responding at very short notice and for their efficiency and relaxed good humour throughout the day. My thanks also to Bob Moore and the members of Arden who facilitated the event in their club rooms.

We received nearly 1400 images from 77 clubs, far more than I anticipated for our first GB Cup in Natural History and the general standard was impressively high.

There will be two CD recorded shows – one with the GB Cup (Open) + the GB Cup (Nature) and the other with GB Cup (Small Clubs) + the GB Cup (Nature). If you entered you will receive the specified CD and if you didn't enter you may purchase either, or both, for just £12 inc. P&P. To be despatched late August 2010.

* Actually we don't yet have a trophy for the winning club or the individual winner. Do you know anyone out there who would like to sponsor good quality Trophies?

Although this is a Club Competition the judges were pleased to give a number of Individual Awards recognising the best in various different categories. There is also an award for the PAGB Natural History Photographer of the year 2010 based on the highest aggregate of three photographs. With the success of this purely nature competition I am likely to propose that Natural History images be excluded from the GB Cup (Open) and (Small Clubs) and that slightly fewer pictures be required from each Club. Your comments are welcome. rod@creative-camera.co.uk
